**GOODS IN YOUR COMMUNITY**

## OffTheLand is for everyone!

Even if you have just one fruit tree, grow microgreens, keep bees, or have a vertical garden, you could be earning money, bartering for other awesome things, or sharing with a purpose in your immediate community.

## Why Is OffTheLand needed?

- Our food costs are skyrocketing!
- Industrial food producers cut corners every step of the way!
- There is no transparency about what synthetic chemicals are used to grow & raise our food.
- Global supply chains are vulnerable to disruption because of crippling cyberattacks, port strikes, pandemics, conflicts, and black-swan events.

## What is OffTheLand?

OffTheLand.net is your connection to real, local food. It's a free and relaxed way for anyone to buy, sell, share, and barter seasonal bounty, artisan goods, and services with like-minded neighbors and locals.

## Benefits of OffTheLand:

- Generate an income by selling your home grown & hand made goods!
- Build a dependable local network with like-minded people!
- Find amazing deals near by!
- Full traceability: Know who grew your food!
- Full transparency: Know exactly what chemicals were used to produce your food (hopefully none or organic).
- Food security for your community!
